

OAT 2039 GREEN REPACK
1st green structured note on the market

Natixis,
committed to
green finance

“ This market first confirms Natixis' positioning as a pioneering bank in the green investment space. It offers green investors structured solutions that meet their investment criteria and it raises awareness on green solutions among traditional structured product investors.”

Innovative green solution...

Repack of first green OAT issuance from the AFT in 2017

... with green credentials

Solution awarded green certification from non-financial ratings agency

... and tailored

Option of adapting coupon to investors' needs
